PROFESSIONAL SUMMARY

Exposure to technology has given me a strong understanding of the importance of building a professional online presence and creating positive digital experiences. Skilled in creating publication materials, developing email campaigns, and assisting with website management, I help support effective digital communication and brand visibility. Adaptable, detail-oriented, and eager to learn, I am committed to delivering high-quality work and contributing to organizational success.

WORK EXPERIENCE

Privacy and Security by Design, Inc

Quezon City, Philippines

Project Management Assistant - Digital Marketing Support

Dec 2025 - June 2026

- Conceptualized and designed multi-platform digital assets across Instagram, Facebook, X, and LinkedIn, tailoring copy and content strategies to leverage platform-specific algorithms and maximize reach.
- Produced high-impact marketing brochures and collateral for major company projects, directly supporting the business development team during executive client meetings.
- Architected and developed the company’s official website from the ground up, establishing a polished online presence and enhancing brand visibility.
- Owned end-to-end execution of Mailchimp email marketing campaigns, conceptualizing visual email layouts, writing engaging copy, and managing subscriber segment lists to maximize click-through rates.

Ennoble

Bulacan, Philippines

Digital Marketing Support

June 2023 - Sept 2023

- Conceptualized and designed high-impact visual publication materials across multiple social media platforms, including Instagram and Facebook, ensuring consistent brand alignment.
- Managed digital customer relations by promptly addressing public inquiries and direct messages, improving audience engagement and response times.
